

Construction Structural Superintendent

We are looking for a deadline-driven Construction Structural Superintendent to work on our multi-building project in Vancouver. You will be working closely to the site-base Construction Manager and the rest of team on site. Work location is in Vancouver, BC.

Responsibilities:

- Scheduling works with sub-trades, and vendors to ensure timely completion.
- Scheduling the sequences of works and inspections with consultants
- Coordinating and overseeing all works on site.
- Attending site meetings.
- Reviewing and updating the project schedule to reflect actual site progress.
- Provide fast track solutions to ensure construction deadline are met.
- Ensuring best construction practices and standards are met.
- Assisting orders for materials, and being responsible for equipment and materials on site.
- Following the project timeline to ensure deadlines are met.
- Helping and ensuring on-site safety compliance, cleanliness and orderliness.
- Maintaining records for site personnel such as daily site reports, field orders and RFIs.
- Liaising with inspection authorities regarding approvals.
- Report any issues involving change orders to the project manager.
- Enforce and implement the construction safety protocol on site all the time.

Requirements:

- 4+ years' experience as an Assistant or Structural Superintendent on high-rise projects (or any complex concrete structures)
- Proficient with MS Office Word, Project, and Excel.
- Proficient with taking and uploading digital photographs.
- Ability to lift 40 pounds and to operate heavy equipment.
- Ability to interpret and build according to drawings, specifications and other documents.
- Excellent communication and interpersonal skills.

- Outstanding organizational skills.

We thank all applicants for their interest in a career with the Holborn Group, however, only those identified for further consideration will be contacted. Please forward your resume to careers@holborn.ca.
